Milford Nursing Home Contract for Care

Schedule 3 – Applications for State Support under the Nursing Homes Support Scheme

The Nursing Homes Support Scheme, also known as the 'Fair Deal Scheme', is a scheme of financial support operated by the HSE for people who need long-term nursing home care. The amount of financial support will depend on the means of the Resident and will be determined by the HSE following a financial assessment. If a Resident is accepted into the Scheme, the State will provide financial support in relation to certain services that are provided by nursing homes, including:

- i) nursing and personal care appropriate to the level of care needs of the person;
- ii) basic aids and appliances necessary to assist a person with the activities of daily living;
- iii) bed and board; and
- iv) laundry service.

Where a Resident is admitted as a Private Resident and is subsequently admitted to the Support Scheme, the Proprietor will refund any monies which have been paid privately by the Resident which are subsequently refunded by the HSE.

The Resident will be issued with a new revised Schedule 1 reflecting the Resident's updated financial status.

Please note that the Additional Individual Services are not covered by State Support and there may be other services/equipment provided by the Proprietor to the Resident which are not covered by State Support and which will have to be paid for by the Resident.

The application process for State Support is set out in detail in the Nursing Homes Support Scheme information booklet which can be obtained from your local Nursing Homes Support Office whose contact details are as follows:
